Entry requirements If you can crochet a chain, double and treble stitch, but never had the confidence to tackle more, then this course is for you.

Course description Using your knowledge of basic stitches the tutor will support you through a small project of your choice helping you to read and interpret a pattern joining the basic stitches together to create intricate combination clusters. The projects will have a Christmas theme as either decorations or gifts.

During the course you will:

- Learn how to interpret a pattern.
- Increase and decrease stitches.
- Create combination clusters.
- Complete a small crochet project.

How will the course be delivered? This is a practical course and the sessions will include tutor-led demonstrations, learner-led activities, instruction and repetition. These will form part of the delivery together with one-to-one support as required.

Will I need to study or practise outside the classroom? You will need to continue with your project at home between sessions in order to complete it by the end of the course.

How will I know I'm making progress? During the first session, your tutor will discuss your goals and current level in relation to the course. Based on this assessment, you will agree individual targets which will be reviewed regularly to ensure you are making progress; these will be written in your individual learning plan.

What will I need for the course? A crochet pattern for project (a selection will be available on the first session if you are unable to source your own)
