Entry requirements This course is for complete beginners.

Course Intent This is an introductory course to Italian, designed to allow you to communicate in everyday situations when travelling to Italian-speaking countries.

You will cover the following topics:
- Asking about and ordering snacks
- Ordering a meal
- Commenting on the food
- Talking about past events

By the end of this course you will be able to ask about and order specific snacks and items from a menu. You will be able to give reasons for their choices and opinions about the food. You will respond to past tense questions (e.g., 'have you chosen' / 'finished') in the context of eating.

You will understand the formation of a key past tense of regular verbs and start to use this. You will recognise this past tense in all persons for regular verbs and start to recognise some common irregular verbs in the past tense.

How will the course be delivered? You will be working with your tutor and other students on a weekly basis, face to face.

Will I need to study or practise outside the classroom? It is always useful to practice your skills between sessions. Your tutor may set some home learning for you to practice.

How will I know I'm making progress? Your tutor will set objectives for each session and give feedback on how you are progressing. You will agree personal targets as part of your Individual Learning Plan (ILP), and you will review your targets throughout the course to check your own progress.

What will I need for the course? There are additional resources required for the course at an approximate cost of £10. Information will be provided at course induction.

Please bring a pen and notepad to each session.
