Learn how to clean your home effectively using safe, natural ingredients and methods that are kind to the environment and your health.

### Course Description:

Join us for a practical, 4-week course in Green Cleaning Methods for the Home! In this course, you'll discover the hidden nasties in many conventional cleaning products and explore powerful, all-natural alternatives you can make yourself using everyday household items. We'll cover effective cleaning techniques for every room in your house, from tackling greasy kitchens to sparkling bathrooms. You'll also learn how to freshen your home naturally and keep your indoor air quality healthy. This course is perfect for anyone who wants to create a clean and healthy home environment without harming the planet.

### What will I learn?

- **Week 1:** Introduction to Green Cleaning - Benefits, common green cleaning ingredients (vinegar, baking soda, lemon, etc.), safety considerations.
- **Week 2:** DIY Cleaning Recipes - Natural all-purpose cleaner, disinfectant spray, oven cleaner, furniture polish.
- **Week 3:** Green Cleaning Techniques by Room - Kitchen, bathroom, living room, bedrooms.
- **Week 4:** Going Green Further - Laundry solutions, natural air fresheners, sustainable cleaning practices.

### **How will I be assessed?**

- **Formative:** Weekly quizzes and practical activities to reinforce learning.
- **Summative:** Final project - Create a green cleaning manual for a specific room in your home.

### **Who is this course for?**

This course is open to anyone interested in learning more about green cleaning methods and creating a healthier home environment.

### **Target Audience:**

Learners hoping to develop their understanding of environmental issues and make sustainable choices in their everyday lives.

### **Progression Opportunities:**

This course can be a stepping stone towards further qualifications in sustainable living or eco-friendly cleaning services. You can explore options like Level 2 Certificate in the Principles of Environmental Sustainability or a Diploma in Cleaning Science with a focus on green cleaning practices.

### **Career or Job Enhancement Pathways:**

- Green cleaning professional
- Eco-friendly home product developer
- Sustainability consultant
- Blogger/influencer promoting green living

### **How do I enrol?**

If you are paying the full fee, the quickest way to enrol is online at [www.oucoursesouthwest.co.uk](http://www.oucoursesouthwest.co.uk), simply create an account and select enrol now. Alternatively, you will need to speak to one of our customer service team on 01752 660713.

### **How will the course be delivered?**

This is a practical course, and the sessions will include tutor-led demonstrations, learner-led group activities, instruction and repetition. These will form part of the delivery together with one-to-one support as required.

**Will I need to practise outside the classroom?**

You will be encouraged to review your notes between lessons to ensure maximum benefit from your course. It is always useful to practise your skills between sessions. Your tutor may encourage home learning, or independent research.

**How will I know I'm making progress?**

During the first session, your tutor will discuss your goals and current level in relation to the course. Based on this assessment, you will agree individual targets which you will record in your individual learning plan (ILP). You and your tutor will review your targets regularly to ensure that you are making progress; these will be written in your individual learning plan.

**What will I need?**

Please bring a notepad, and pen to each session. You may wish to bring a file for any handouts. A laptop with internet access is required for completion of coursework and home learning outside of the classroom.

**Please note:**

Most courses attract a subsidy from the Education and Skills Funding Agency (ESFA). It is a requirement of the ESFA that you complete various forms at different stages of your course, further information is available on request. Courses are subject to a minimum number of enrolments and could be cancelled if recruitment is low. In some cases, an alternative class at a different location may be offered.
