[OCSW ML14D41D Fun with Dice Games \(oncoursesouthwest.co.uk\)](https://oncoursesouthwest.co.uk)

Learn and play! This one-day workshop uses dice games to boost your mental maths skills in a fun and interactive way.

### Course Description:

Do you struggle with mental maths? Wish you could make it more engaging?

This fun and interactive workshop uses dice games to help you improve your mental maths skills without even realising it! We'll explore a variety of games suitable for all ages and abilities, helping you develop your confidence and fluency with numbers.

### What will I learn?

- Play and learn various dice games that promote mental maths skills.
- Develop strategies for quick and accurate mental calculations.
- Increase your confidence and enjoyment when working with numbers.
- Discover exciting ways to incorporate dice games into learning for children and adults.

### How will I be assessed?

This course is focused on participation and enjoyment. There will be no formal assessments, however, we will incorporate formative assessments throughout the workshop through group discussions and game play observations.

### Who is this course for?

This course is perfect for families who want to improve their mental maths skills in a fun and engaging way. It's particularly suitable for parents or carers looking for new and exciting ways to make learning maths fun at home or families wanting to spend quality time together while developing important maths skills.

### **Progression Opportunities:**

After completing this course, you could consider exploring:

- Online Resources: Numerous websites and apps offer interactive maths games and activities
- Further Training: Explore introductory courses in numeracy or basic maths skills.

### **Career or Job Enhancement Pathways:**

This course can be a stepping stone towards various careers or job enhancements, including:

- Teaching Assistant
- After-School Activities Coordinator
- Maths Tutor
- Play Therapist (further training required)

### **How do I enrol?**

To apply for this course online at [www.oucoursesouthwest.co.uk](http://www.oucoursesouthwest.co.uk) and simply click on the 'How to Enrol' button and complete the Enrolment Form and one of our customer service team will be in touch or call to speak to one of our friendly Learning Advisors on 01752 660713.

### **How will the course be delivered?**

This is a practical course, and the sessions will include tutor-led demonstrations, learner-led group activities, instruction and repetition. These will form part of the delivery together with one-to-one support as required.

### **Will I need to practise outside the classroom?**

You will be encouraged to review your notes between lessons to ensure maximum benefit from your course. It is always useful to practise your skills between sessions.

### **How will I know I'm making progress?**

During the first session, your tutor will discuss your goals and current level in relation to the course. Based on this assessment, you will agree individual targets which you will record in your individual learning plan (ILP). You and your tutor will review your targets regularly to ensure that you are making progress; these will be written in your individual learning plan.

### **What will I need?**

Please bring a notepad, and pen to each session. You may wish to bring a file for any handouts. A laptop with internet access is required for completion of coursework and home learning outside of the classroom.

**Please note:**

Most courses attract a subsidy from the Education and Skills Funding Agency (ESFA). It is a requirement of the ESFA that you complete various forms at different stages of your course, further information is available on request. Courses are subject to a minimum number of enrolments and could be cancelled if recruitment is low. In some cases, an alternative class at a different location may be offered.
