[OCSW WL09E21C Upcycled Sea Creature Making \(oncoursesouthwest.co.uk\)](https://oncoursesouthwest.co.uk)

Dive into the world of upcycling and craft adorable sea creatures from everyday household items!

### Course Description:

Calling all ocean enthusiasts and creative minds! This exciting one-day workshop is the perfect way to spend quality time with your child while giving household items a new lease on life. Learn how to transform everyday objects into fantastical sea creatures using simple techniques. It's a fun and rewarding way to explore the wonders of the ocean, all while promoting sustainability.

### What will I learn?

- Upcycling techniques: Discover the art of transforming everyday objects into something new and beautiful.
- Sea creature inspiration: Explore the diverse and fascinating world of ocean life and use it as inspiration for your creations.
- Basic crafting skills: Learn essential crafting techniques like cutting, sticking, and painting.
- Creative thinking: Unleash your imagination and design unique sea creatures using unexpected materials.

### How will I be assessed?

This course is focused on enjoyment and exploration. There are no formal assessments, but the instructor will provide formative feedback throughout the workshop to help participants create their best possible sea creatures.

### Who is this course for?

This course is perfect for parents, carers, and their children. It's a great opportunity for families to bond, learn together, and create something special.

### **Progression Opportunities:**

After completing this course, participants can explore more advanced crafting techniques or delve deeper into ocean conservation efforts. There are numerous online resources and local community programs available to continue their creative journey.

### **Career or Job Enhancement Pathways:**

This course can be a stepping stone towards careers in:

- Marine biology: Learn about the creatures of the sea and inspire the next generation of oceanographers.
- Art education: Develop your skills in crafting and teaching to become an art educator.
- Product design: Explore the possibilities of using recycled materials in product creation.
- Environmental education: Foster a love for the environment and inspire sustainable practices.

### **How do I enrol?**

To apply for this course online at [www.oucoursesouthwest.co.uk](http://www.oucoursesouthwest.co.uk) and simply click on the 'How to Enrol' button and complete the Enrolment Form and one of our customer service team will be in touch or call to speak to one of our friendly Learning Advisors on 01752 660713.

### **How will the course be delivered?**

This is a practical course, and the sessions will include tutor-led demonstrations, learner-led group activities, instruction and repetition. These will form part of the delivery together with one-to-one support as required.

### **Will I need to practise outside the classroom?**

You will be encouraged to review your notes between lessons to ensure maximum benefit from your course. It is always useful to practise your skills between sessions.

### **How will I know I'm making progress?**

During the first session, your tutor will discuss your goals and current level in relation to the course. Based on this assessment, you will agree individual targets which you will record in your individual learning plan (ILP). You and your tutor will review your targets regularly to ensure that you are making progress; these will be written in your individual learning plan.

### **What will I need?**

Please bring a notepad, and pen to each session. You may wish to bring a file for any handouts. A laptop with internet access is required for completion of coursework and home learning outside of the classroom.

**Please note:**

Most courses attract a subsidy from the Education and Skills Funding Agency (ESFA).

It is a requirement of the ESFA that you complete various forms at different stages of your course, further information is available on request. Courses are subject to a minimum number of enrolments and could be cancelled if recruitment is low. In some cases, an alternative class at a different location may be offered.
